Main definitions

Note Payment Date	18 February, 18 May, 18 August and 18 November in each year and (only in the event that the Securitised Loan is repaid in full on the Loan Payment Date prior to such Expected Note Maturity Date) the Expected Note Maturity Date, or, in each case, if any such day is not a Business Day, the Note Payment Date will instead be on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not) (each such day being a Note Payment Date). For the avoidance of doubt, if the Securitised Loan is not repaid in full on the Loan Payment Date prior to an Expected Note Maturity Date, such Expected Note Maturity Date will not be a Note Payment Date.
Interest Period	Each of the successive interest periods by reference to which interest on the Notes is payable. The first Note Interest Period will commence on (and include) the Issue Date and end on (but exclude) the Note Payment Date falling in February 2018. Each successive Note Interest Period will commence on (and include) the next (or first) Note Payment Date and end on (but exclude) the following Note Payment Date (each, a Note Interest Period). If a Note Interest Period would otherwise end on a day which is not a Business Day, that Note Interest Period will instead end on the next Business Day in that calendar month (if there is one) or the preceding Business Day (if there is not).
Business Day	A day (other than a Saturday or Sunday) on which banks are open for general business in London, Milan, New York and Luxembourg and which is also a TARGET Day (Business Day).
