Asset Coverage Test

Test description

OC Adjusted Eligible Portfolio \geq Outstanding Principal Balance of all Series of Covered Bonds

Test verification **[A+ B + C - Y - W - Z] \geq OBG**

Parameters	Amount	Statement of Accounts	Regulatory threshold	
A	4.288.932.146			(as defined below)
B	333.424.415	333.424.415	637.500.000	"B" is equal to the aggregate amount of all sums standing to the credit of Accounts as at the end of the immediately preceding Calculation Period which have not been applied in accordance with the relevant Priority of Payments up to a maximum nominal amount which cannot exceed, 15 per cent. (for exposures to credit institutions that qualify for credit quality step 2) of the nominal amount of outstanding covered bonds as at such date (Regulation (EU) 2019/2160 of the European Parliament and of the Council of 27 November 2019 amending Regulation (EU) No 575/2013 as regards exposures in the form of covered bonds)
C	-			"C" is equal to the aggregate Outstanding Principal Balance of any Integration Assets and/or Eligible Investments as the end of the immediately preceding Calculation Period (without duplication with the amounts standing to the credit of the Accounts under "B" above);
Y	29.401.307			"Y" is equal to zero if the Issuer's short term unsecured and unsubordinated debt ratings are at least "P1" by Moody's, otherwise the Potential Set-Off Amounts;
W	133.470.117			"W" is equal to zero if the Issuer's short term unsecured and unsubordinated debt ratings are at least "P1" by Moody's, otherwise the Potential Commingling Amount;
Z	57.433.562			"Z" means the amount resulting from the product of (i) the weighted average remaining maturity of all Covered Bonds then outstanding expressed in days and divided by 365, (ii) the Euro Equivalent amount of the aggregate Outstanding Principal Balance of the Covered Bonds, and (iii) 0.50 per cent (the "Negative Carry Factor")
OBG	4.250.000.000			

ASSET COVERAGE TEST

152.051.575

PASSED

Details of parameters used

"A" is equal to the lower of (i) and (ii), where:

(i) is the aggregate of the "LTV Adjusted Principal Balance" of each Mortgage Loan in the Eligible Cover Pool as at any given date, calculated as the lower of:

(1) the actual Outstanding Principal Balance of the relevant Mortgage Loan in the Eligible Cover Pool as at the last day of the immediately preceding Calculation Period; and

(2) the Latest Valuation relating to that Mortgage Loan as at such date multiplied by M (where M is equal to (a) 80 per cent for all Mortgage Loans that are up to three months In Arrears or not In Arrears, (b) 40 per cent for all Mortgage Loans that are more than three months In Arrears but are not yet Non Performing Loans and (c) zero for all Non Performing Loans), minus

the aggregate of the following deemed reductions to the aggregate LTV Adjusted Principal Balance of the Mortgage Loans in the Eligible Cover Pool if any of the following occurred during the immediately preceding Calculation Period:

(A) a Mortgage Loan was, during the immediately preceding Calculation Period, in breach of the representations and warranties contained in the relevant Warranty and Indemnity Agreement and the relevant Seller has not indemnified the Guarantor or otherwise cured such breach, to the extent required by the terms of the relevant Warranty and Indemnity Agreement (any such Mortgage Loan an "Affected Loan"). In this event, the aggregate LTV Adjusted Principal Balance of the Mortgage Loans in the Eligible Cover Pool (as calculated on the last day of the immediately preceding Calculation Period) will be deemed to be reduced by an amount equal to the LTV Adjusted Principal Balance of the relevant Affected Loans (as calculated on the last day of the immediately preceding Calculation Period); and/or

(B) the relevant Seller, in any preceding Calculation Period, was in breach of any other material representation and warranty under the relevant Master Transfer Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted Principal Balance of the Mortgage Loans in the Eligible Cover Pool (as calculated on the last day of the immediately preceding Calculation Period) will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period in respect of such Mortgage Loan (such financial loss to be calculated by the Calculation Agent without double counting with the reduction under (A) above and to be set off against any amount paid (in cash or in kind) to the Guarantor by the relevant Seller and/or the Servicer to indemnify the Guarantor for such financial loss) (any such loss a "Breach Related Loss"); and/or

(C) the relevant borrower has requested a suspension of payment pursuant to the Decree of the Ministry of Finance of 25 February 2009 implementing Legislative Decree no. 185 of 29 November 2008, as converted into law through Law no. 2 of 28 January 2009, or under the renegotiation scheme for distressed borrowers signed by the Italian Banks Association (ABI) on 18 December 2009, during the suspension period (any such Mortgage Loan a "Renegotiated Loan"). In this event, the aggregate LTV Adjusted Principal Balance of the Mortgage Loans in the Eligible Cover Pool (as calculated on the last day of the immediately preceding Calculation Period) will be deemed to be reduced by an amount equal to the LTV Adjusted Principal Balance, as calculated in (i) above, of each Renegotiated Loan multiplied by M (where M is equal to (a) zero for all Renegotiated Loans in respect of which, as at such date, payments have a residual suspension period of less than three months, (b) 50 per cent for all Renegotiated Loans in respect of which, as at such date, payments have a residual suspension period of more than three months but less than 180 days and (c) 100 per cent. for all Renegotiated Loans in respect of which, as at such date, payments have a residual suspension period of more than 180 days);

AND

(ii) is the aggregate "Asset Percentage Adjusted Principal Balance" of the Mortgage Loans in the Eligible Cover Pool as at any given date which in relation to each Mortgage Loan shall be calculated as the lower of (1) the actual Outstanding Principal Balance of the relevant Mortgage Loan as calculated on the last day of the immediately preceding Calculation Period, and (2) the Latest Valuation relating to that Mortgage Loan as at such date multiplied by N (where N is equal to (a) 100 per cent. for all Mortgage Loans that are less than three months In Arrears or not In Arrears, (b) 40 per cent for Mortgage Loans that are more than three months In Arrears but are not yet Non Performing Loans and (c) zero for all Non Performing Loans), minus

the aggregate sum of (1) the Asset Percentage Adjusted Principal Balance of any Affected Loan(s), calculated as described in item (i)(A) above and/or (2) any Breach Related Losses, calculated as described in item (i)(B) above and/or (3) the aggregate of the Asset Percentage Adjusted Principal Balance of any Renegotiated Loan, calculated as described in item (i)(C) above, the result of which multiplied by the Asset Percentage (as defined below).

Interest Coverage Test

Details of parameters used

Net Interest Collections from the Eligible Cover Pool = means, on each Calculation Date and/or Monthly Calculation Date and/or any other date on which the relevant Test is to be performed pursuant to the Cover Pool Administration Agreement and the other Transaction Documents, as the case may be, an amount equal to the positive difference between:

(i) the sum of

(A) interest payments received, or expected to be received, by the Guarantor under or in respect of the Eligible Cover Pool in each and all respective Calculation Periods (including, for the avoidance of doubt, any amount of interest to be realised from the investment into Eligible Investments of principal collections arising from the expected amortisation of the Eligible Cover Pool in each and all respective Calculation Periods) and any amount interest accrued on the Accounts and any additional cash flows expected to be deposited in the Accounts in each and all respective Calculation Periods;

(B) any amount to be received by the Guarantor as payments under the Swap Agreements prior to or on each and all respective Guarantor Payment Dates; and

(C) any other amount to be received by the Guarantor as payments owed under the Swap Agreements; and

(ii) the payments (in relation to the interest component only) to be effected in accordance with the relevant Priority of Payments, by the Guarantor in priority to any amount to be paid on the Covered Bonds, and including payments under the Swap Agreements on each and all respective Guarantor Payment Dates.

The Net Interest Collections from the Eligible Cover Pool shall be at least equal to, or higher than, the interest payments scheduled to be due in respect of all the outstanding Series of Covered Bonds.
