#### Monforte

Construction works are complete. No drawdown.

#### Lodi

As reported last quarter the constructions works are complete. No drawdown.

#### Loreto

Completion: PM was able to visit the site. New completion date is April 30th, 2021. The Project Monitor considers this challenging and foresees a potential extra time of 2 months for completion. Furthermore, due to tenant requests there could be a potential delay in the general schedule programme and cost plan. PM will monitor this during the next interim. No variation at this stage of the project overrun. According to the last site inspection the works are proceeding well. A slight increase of the production compared to the past is noted but still lower than expected (thus potential 2 months delay). Total contract costs (soft +hard) is €20,658,918. Regarding planning/statutory consents: A) a new SCIA (Variation of Building Permit) has been submitted in December 2020 to the Municipality to cover additional request by the tenant of the commercial space and B) a new fire brigade updating for changes to the commercial ground has been submitted at the same time. To be monitored going forward. Insurance: the insurance has been updated to cover the revised scope of work and building contract. Contingency: €517,362; reasonable but project already in overrun. Request to release of € €2,653,307,21 is approved (min. Equity €4,384,500; Capex Billed €13,429,522; Capex Payed €10,807,914).
